RELATÓRIO DE FISCALIZAÇÃO POR MONITORAMENTO 001/2022

Processo I-84/2022

Verificação de pressão na rede de distribuidora de água tratada, nos bairros Pq. Residencial do Redentor e Porto Bello

Foi realizado no período de 22/08/2022 a 29/08/2022, monitoramento de pressão nos bairros Cristo Redentor e Porto Bello. O monitoramento tem por objetivo verificar se a pressão da água disponibilizada na rede de distribuição atende os requisitos mínimos, estabelecidos na NBR 12218 - Associação Brasileira de Normas Técnicas.

Constatamos, conforme dados contidos no anexo I), que a concessionária BRK Ambiental vem atendendo as condições mínimas e máximas de pressão estabelecidas na NBR 12218, nos bairros monitorados.

Porto Ferreira, 30 de setembro de 2022.

Wendel Ederson Marcelino Cremonesi – Analista Regulador
